

Introducing Custom Coasters

You choose the shape, weave, color, and quantity. We'll do the rest.

Our new Felt-Backed coaster program is made-to-order made easy, so you can offer beautiful, functional finishing touches created with your clients in mind.

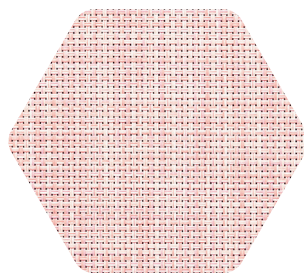

Made in the USA for indoor and outdoor use, each coaster features a signature Chilewich weave and a soft yet sturdy BioFelt® backing, which combines an integrated moisture barrier with recycled felt.

Choose from 3 versatile shapes Bamboo, Basketweave, and Mini Basketweave and over 49 multi-tonal colorways. Lead time is 3-4 weeks. 200 piece minimum.

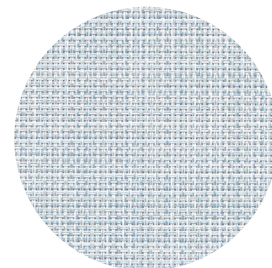

Unbacked coasters are also available in the majority of Chilewich fabrics. The MOQ is just 1 piece and pricing is a function of quantity, the more ordered the lower the cost. These can be made into 4"/10cm rounds or squares
